Subject: URGENT: Confirmation of Exide FA Obligations

Hi Rizgar,

I left you a VM to this effect. The Dept of Justice is asking us to confirm Exide's FA obligations, as part of the bankruptcy. This is being done nationally for every Exide facility. The amount that Exide provided to DOJ for their Vernon facility was a bond for \$10,961,546. Can you confirm that this is their obligation for this facility? The information in RCRAInfo does not appear to be up to date.

DOJ is asking for this information by the end of this week, for their hearings w Exide next week. Give me a call if you have any questions.

Hi Brian,

I just got off a call with Congresswoman Lucille Roybal-Allard's office, who covers the geographical area Exide is located in. They wanted to talk to someone at DTSC regarding both the permitting and enforcement status for the facility. Our Air Division was on the call and provided contact information for someone at the South Coast AQMD. Can I provide your contact information, or is there someone else you prefer?

Thanks,
